

Palliative Care in General Practice - Principles and Practicalities

13 March & 12 April 2018

9:00am – 4:30pm

Saint Catherine's Hospice, Scarborough

This comprehensive two-day workshop is for GPs and GPSTs looking to increase their skills and confidence in palliative care. Each day complements the other, although both are suitable as standalone study days.

The aim of this course is to increase knowledge and skills of palliative care approaches, thereby increasing confidence when managing palliative care patients in primary care.

KEY BENEFITS

Maps to the RCGP curriculum

Increased confidence in managing palliative care patients in primary care

Detailed information on the MDT and other supportive agencies available in the Saint Catherine's locality

Facilitated small group work

Case studies

Ideas for audit and optimising current practice

Opportunity to refine skills between the study days and bring cases for reflection

DURATION

This workshop will run on 13 March and 12 April 2018, from 9.00am to 4.30pm
